EVEN THE WORD "IMPOSSIBLE" SAYS "I M POSSIBLE"

My name is Aminath Malak Ali and I am in Grade 9. Unlike many other students, my journey in boarding has been very different, owing to the fact that I was initially a day scholar. Hence, I have had the opportunity to compare the stressful life of a day scholar at home to the more organised life in boarding. The life of a boarder at SNIS is designed such that we get ample amount of exercise, healthy food and a constant motivation to study without missing the warmth of home too much. I like that all of us get an opportunity to try to find our hidden talents through the after-school activities which include music, dance and drama. The multitude of sports we get to choose from helps the students to attain all round fitness. The 'prep' hours, both at school and the morning 'prep' allows us to revise the class discussions and be extra prepared for class; something which wouldn't usually happen at home, a fact I myself can vouch for. Nonetheless, SNIS is truly a home away from home for me. I personally believe that more than half of that credit goes to Ms. Vinutha, the girl's dorm parent, who has gone above and beyond to make sure we all are comfortable. Having a daughter of her own, she understands the tendencies of growing girls and tries to unite all our enticingly different personalities under one happy roof. Hers is a mammoth task but she does it so effortlessly and one must truly applaud her for that.

Aminath Malak Ali, Grade 9

Words of Ratan Tata

"If you want to Walk Fast Walk Alone.
But - if you want to walk far, Walk Together".
How strange it is:
We wish to wear high brands but we feel most comfortable in pajamas.
We wish to sit in Taj & Marriot with elite people, but we enjoy roadside tea with friends and people we love.
We wish to own big cars and go on long drives, yet we talk our heart out only while walking down a road.
We have 64GB iPods filled with songs but sometimes a song on the radio brings a smile that can't be compared.

I am Cho Laqshya and I'm a grade 9 student at SNIS. Being a boarder, it has made my life less complicated and more systematic. Since I have already been a boarder before, for two years, I smoothly got adjusted to this student-friendly atmosphere. I joined this school in the month of November and I have become more efficient in doing my daily tasks. My communication skills have ameliorated, and I feel more comfortable at approaching my friends and teachers for any guidance. As far as I remember, I barely spoke up during class discussions, but I used to manage well during the exams. All the teachers here are quite approachable and friendly, and our dorm parent, Ms. Vinutha, is really exceptional when it comes to taking care of the girls in the boarding, just like a mother. Coming to the academic curriculum, I feel a drastic change in the way of teaching here; most of the topics in the syllabus are analytic and not direct; I am trying very hard to adapt to this aspect of my academics. Speaking of academics, there are many new subject options that were given to me. This included: Global Perspectives, English Literature and History which weren't a part of my previous school's curriculum. It has been about 5 months now since I joined, and I feel really comfortable being here with students from various other places, having different cultures and coming from different cultures. I would like to thank the school and everyone who has supported me throughout.

Cho Laqshya, Grade 9

When writing the story of your life, don't let anybody else hold the pen.

School Tuck Shop

Hi! My name is Vijaysimha. I am in grade 7, I joined the school in January 2018. I would like to share my experience about our school tuck shop. The tuck shop is built near the cricket field. We have all kinds of snacks of our choice in the tuck shop. All the students in school liked the idea of tuck shop. When my friends and I were allowed to buy the snacks of our own choice, we all were very happy. All the parents gave positive remark about the tuck shop. I am very happy to have our own tuck shop in our school and also I am very happy to be a part of SNIS.

Vijaysimha, Grade 7

My First Day @ SNIS

Hi! My name is Angad. I am in class 8th. I would like to share my experience of being a boarder at SNIS. I first visited the school in January 2018. Ms. Gayathri showed me the whole school. After completing the campus tour, I really got positive vibes. I was really excited to join the school. And, finally on 2nd April 2018, I was officially a student of SNIS. On the first day, I was really nervous, but by the end of the day all my nervousness flew away like wind. The key feature of this school is that they believe in practical knowledge which is exhibited by fun activities. The tuck shop also opened for the first time, a few weeks ago. I was really happy that I could be a part of the inauguration of the tuck shop. After collecting the tuck, it was time to go for sports. I was extremely confused to choose between so many sports such as Table Tennis, Tennis, Badminton, Cricket, Archery and Football. I chose badminton because I was better in it compared to all other sports. After sports everyone proceeded to the dorm. Then everyone went to the academic block for study time.

School

School is a daily routine for us, In the morning, we're sure to make a fuss

Even when the sun is still not up, Here we are, awake at 6am sharp

We feel that school is such a bore, We feel that school is such a chore, Parents say, "School's great! Now, go!", We say, "Well, what do you know?"

Late a minute and we have to run, Eyes half open, shoelaces undone, We reach school and we see our friends, Immediately, the torture ends.

We have a chat and go with the flow, Then the bell rings, it is time to go, We may at times find school stressful, To have some fun, we have to bend some rules.

Talk back to teachers, and detention we serve, No doubt, it is sometimes what we deserve, Sometimes they are as cold as ice, And other times they're actually really nice.

Just not when they are being really harsh, Over the years of education, They teach us and give us a helping hand They're forever ready to listen and be a friend They have built much confidence in us

Never have we had so much learning with action, Such as camps, experiments, concerts and activities, We've learnt so much and even saved the trees.

A wise teacher once said aloud - Success is failure turned inside out So stick to the fight when you're hardest hit Rest if you must, but don't you quit

Some may see school as a torture chamber, Some cannot wait for the holidays in December, But it depends on how we look at school, Honestly, positively, school is cool!

Sai Vaikant, Grade 9

Boarding Captain

My name is Tammy and I'm from Thailand. I'm in grade 9. Being the Boarding Captain

for the first time, I have experienced a school. I joined SNIS on 6th September 2017 and I was made the Boarding Captain on 9th

December 2017. From that day onwards, I started working and helping all the boarders and trying to learn something by doing. This has helped me to improve my communication skills and also to keep myself organised and punctual. I help the dorm parents by conveying to them the problems the other students are facing. Comparing that first day with today,, I can see a lot of changes in my personality. I would like to thank the school members, students and my parents for letting me use this opportunity to prove myself as a future leader.

Tammy, Grade 9

My stay at SNIS

Hi! My name is Niyam. I would like to share my experience of being a boarder at SNIS. First, when I came to SNIS on 3rd April 2018, I loved the campus and wanted to stay here from that very moment. I formally joined SNIS on 5th April, being my first day of school, I was excited and met many new friends. I introduced myself to everyone and continued with my classes. I liked the way the dorm parents, teachers and my friends welcomed me. I only heard till now that boarding school is like 'home away from home', but I realized the same in that one day. I got so busy with boarding life, school, friends, activities, games, that I hardly got any time to even think about my family.

Niyam, Grade 8

If a single teacher can't teach all the subjects, then how can you expect a single student to learn the subjects?

SOME FACTS ABOUT BANGALORE

At the height of over 3,000 feet (914.4 m) above sea level, Bangalore is situated even above Dehradun (630 m). No wonder the city enjoys pleasant climate throughout the year.

In 1906, Bangalore became one of the first cities in India to have electricity from hydro power, powered by the hydroelectric plant situated in Shivanasamudra. The building in City Market was the honored recipient of first electricity.

Everyone knows that Bangalore is known as the Silicon Valley of India, but how many know that the city houses 212 software companies at its heart?

Bangalore contributed to 33% of India's INR1442 billion IT exports in 2006-07. Infosys and Wipro, India's third and fourth largest software companies are headquartered in Bangalore.
